PENTA TEKNOLOJİ ÜRÜNLERİ DAĞITIM TİCARET A.Ş. AND ITS SUBSIDIARIES

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 30 SEPTEMBER 2025

(Amounts expressed in Turkish Lira ("TRY") unless otherwise indicated)

1. ORGANIZATION AND OPERATIONS OF THE GROUP

Penta Teknoloji Ürünleri Dağıtım Ticaret A.Ş. ("Penta" or the "Company") and its subsidiaries (all together referred as the "Group"), comprise the parent Penta Teknoloji Ürünleri Dağıtım Ticaret A.Ş. and two subsidiaries in which the Company owns the 100% share of the capital or has controlling interest.

The current operations of the Company started under the roof of Penta Bilgisayar Sistemleri Ticaret Ltd. Şti. ("Penta Bilgisayar") which was established in 1990. In 2012, Penta Bilgisayar was merged with Mersa Elektronik ve Teknolojik Ürünler Ticaret A.Ş. ("Mersa"), a subsidiary of Yıldız Holding A.Ş., which was established in 2003. Although the merger was realized under Mersa, the name of the Company was changed to Penta Teknoloji Ürünleri Dağıtım Ticaret A.Ş. in the period following the merger. The Company is registered in İstanbul, Türkiye in accordance with the provisions of the Turkish Commercial Code. The Company's head office address is Organize Sanayi Bölgesi, 4. Cadde No: 1 34775 Yukarı Dudullu, Ümraniye / İstanbul.

Principal activities of the Company are distribution of computer, hardware and software goods. The Company purchases the trade goods from domestic and foreign suppliers and distributes them mostly to its domestic customers via its sales network. It executes the distributorship of the brands like Acer, Adobe, Asus, Autodesk, Brother, Canon, Corsair, Cricut, Dell, HP, Exper, Huawei, IBM, Intel, Lenovo, Lexar, Logitech, Microsoft, MSI, OKI, TP-Link, Viewsonic, Wacom, Xerox, xFusion and Zyxel.

The Company's shares are publicly traded on Borsa İstanbul ("BIST") as of 17 May 2021. The free float ratio of the shares is 40,31% as of September 30, 2025.

The Company acquired 100% shares of Commonwealth Finance Investment Ltd. ("Commonwealth") for a consideration of TL 3.277 on 1 September 2013. Commonwealth's principal activity is the sale of imported goods from the vendors to Penta.

On 3 January 2014, the Company acquired 100% shares of Ekip Elektronik Sistemler ve Malzemeleri Ticaret A.Ş. ("Ekip") and Beyaz İletişim Sistemleri Dış Ticaret ve Sanayi Ltd. Şti. ("Beyaz İletişim"). On 4 March 2014, Ekip and Beyaz İletişim have been merged under Penta.

The Company acquired 100% shares of Sayısal Grafik Sanayi ve Ticaret A.Ş. ("Sayısal") for a consideration of TL 11.892.295 on 18 June 2015. After the acquisition, on 30 July 2015 Sayısal has been merged under Penta.

The Company acquired 100% shares of Exper Bilgisayar Sistemleri Sanayi ve Ticaret A.Ş. ("Exper") for a consideration of TL 85.400.000 on 22 June 2017. After the acquisition, on 28 June 2017 Exper has been merged under Penta.

The company acquired 100% shares of Arlington Investments B.V. for 20.000 Euros which was a non-operational company as of acquisition date. The company was established in the Netherlands and the commercial title of the company changed as Penta International B.V. ("Penta BV").

Total number of the Group's employees is 354 as of September 30, 2025 (December 31, 2024: 358).

Approval of Condensed Consolidated Financial Statements:

The condensed consolidated financial statements have been approved by Board of Directors and authorized on the date of November 4, 2025 for publishing. General Assembly has the authority to amend / modify condensed consolidated financial statements.

PENTA TEKNOLOJİ ÜRÜNLERİ DAĞITIM TİCARET A.Ş. AND ITS SUBSIDIARIES

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 30 SEPTEMBER 2025

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated)

2. BASIS OF PRESENTATION OF THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

2.1 Basis of the Presentation

The Group has prepared its condensed consolidated financial statements for the interim period ending on September 30 2025, in accordance with TMS 34 “Interim Financial Reporting” standard, within the framework of the Capital Markets Board's (“CMB”) Communiqué Serial: II, 14.1 and the announcements explaining this communiqué.

The accompanying financial statements have been prepared in accordance with the provisions of the CMB's Communiqué Series II, No. 14.1 on the "Principles Regarding Financial Reporting in the Capital Markets" published in the Official Gazette dated 13 June 2013 and numbered 28676. Based on the Turkish Accounting Standards / Turkish Financial Reporting Standards (“TMS/TFRS”), which were put into effect by the Public Oversight Accounting and Auditing Standards Authority (“POA”), and their annexes and comments. Interim condensed consolidated financial statements are presented in accordance with the formats specified in the "Announcement on TFRS Taxonomy" published by the POA on October 4, 2022 and the Financial Statement Examples and User Guide published by the CMB.

The Company complies with the principles and conditions issued by the CMB, the Turkish Commercial Code (“TCC”), the tax legislation and the Uniform Chart of Accounts issued by the Ministry of Finance in keeping accounting records and preparing its statutory financial statements. Subsidiaries operating in foreign countries have prepared their statutory financial statements in accordance with the laws and regulations applicable in the countries in which they operate. Condensed consolidated financial statements have been prepared on the basis of historical cost, except for derivative instruments shown at fair value. As the Group uses US Dollar as its functional currency, TMS 29 (Financial Reporting in Hyperinflationary Economies) has not been applied in the preparation of the financial statements. For the purpose of calculating deferred taxes in accordance with the TPL, deferred tax calculations have been performed based on the figures that have been adjusted for inflation accounting. Explanations regarding the functional currency are given in Note 2.2.

The condensed consolidated interim financial statements of the Group do not include all of the disclosures and footnotes required in the year-end financial statements and therefore the condensed consolidated interim financial statements of the Group should be read in conjunction with the financial statements as at December 31, 2024.

2.2 Functional Currency

The financial statements of each enterprise of the Group are presented in the currency (functional currency) valid in the basic economic environment in which they operate. The company mainly uses USD in its operations (trading). The US dollar also reflects the economic basis of situations and events that are important to the Company. The Company's purchase and sales prices are largely based on US Dollars. The Company, by evaluating the economic environment and its activities, has determined the functional currency as USD in accordance with TAS 21 (Effects of Changes in Exchange Rates). Although the functional currency of the Group is US Dollars, the presentation currency is expressed in Turkish Lira (“TL” or “TRY”).

If the legal records are kept in a currency other than the functional currency, the financial statements are first converted to the functional currency and then back to TL, which is the Group's presentation currency. For companies in Türkiye, the functional currency of the statutory records is TL. Conversion of TL into US Dollars is based on the framework described below;

- Monetary assets and liabilities accounts, T.C. The Central Bank (“CBRT”) is converted to the functional currency with the foreign exchange buying rate.
- Non-monetary items are converted into functional currency with the CBRT buying rates valid on the date of the transaction.
- Income statement accounts have been converted to the functional currency using the exchange rates on the transaction date, excluding depreciation charges..
- Capital has been tracked according to historical costs.

2. BASIS OF PRESENTATION OF THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (cont'd)

2.2 Functional Currency (cont'd)

The translation differences resulting from the above conversions are recorded in the profit or loss statement, in the foreign exchange income / expense accounts included in the financial income and expenses item.

The exchange rates and methods used in converting from functional currency to presentation currency are listed below:

Items in the condensed consolidated statement of financial position are translated into Turkish Lira with the exchange rates announced by the Central Bank of the Republic of Türkiye ("CBRT"). Equity items are shown with their historical values. Income and expenses and cash flows are translated at the annual average exchange rate for the relevant period. Translation gain/loss arising from this conversion has been included in the "foreign currency translation differences" account under equity and accounted as a separate component of the other comprehensive income.

Average USD / TRY exchange rates for each period are as follows:

	30 September 2025	31 December 2024	30 September 2024	31 December 2023
USD / TRY – as of reporting date	41,5068	35,2803	34,1210	29,4382
USD / TRY – average for the period	38,5342	32,7921	32,1985	23,7438

The USD ("USD") amounts shown in the condensed consolidated financial statements are the financial statements prepared in accordance with the functional currency of the Group and are not part of the condensed consolidated financial statements.

2.3 Going Concern

The condensed consolidated financial statements of the Group are prepared on a going concern basis, which presumes the realization of assets and settlement of liabilities in the normal course of operations and in the foreseeable future.

2.4 Changes in Accounting Policies

Important changes on the accounting policies are accounted retrospectively and prior period's financial statements are restated. The Group did not apply any changes in its accounting policies for current period.

2.5 Changes and Errors in Accounting Estimates, Comparative Information and Restatement of Prior Period Financial Statements

The effect of a change in an accounting estimate is recognized prospectively by including it in profit or loss in the period of the change, if the change affects that period only, in the period of the change and future periods, if the change affects both. The Group does not have any important changes in the accounting estimates in the current year. Significant accounting errors are corrected retrospectively, by restating the prior period consolidated financial statements.

To enable the determination of financial status and performance trends, the Group's condensed consolidated financial statements for the current period are prepared in comparison with the previous period.

2. BASIS OF PRESENTATION OF THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (cont’d)

2.6 Basis of Consolidation

The details of subsidiaries are as follows:

Name of subsidiaries	Principal activity	Place of incorporation and operation	Proportion of ownership interest and voting power held by the Group (%)	
			30 September 2025	31 December 2024
Commonwealth Finance Investment Ltd.	International Trade of IT Products	British Virgin Islands	100%	100%
Penta International B.V.	International Trade of IT Products	Netherlands	100%	100%

Functional currencies of these subsidiaries are US Dollar.

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than the majority of the voting rights of an investee, it has still power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company’s voting rights in an investee are sufficient to give it power, including:

- the size of the Company’s holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders’ meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group’s accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

2. BASIS OF PRESENTATION OF THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (cont’d)

2.7 Application of New and Revised International Financial Reporting Standards (TFRSs)

The accounting policies adopted in preparation of the condensed consolidated financial statements as at September 30, 2025 are consistent with those of the previous financial year, except for the adoption of new and amended TFRS and TFRS interpretations effective as of January 1, 2025 and thereafter.

a. Standards, amendments, and interpretations applicable as of 30 September 2025:

- **Amendment to TAS 21 - Lack of Exchangeability;** effective from annual periods beginning on or after 1 January 2025. An entity is impacted by the amendments when it has a transaction or an operation in a foreign currency that is not exchangeable into another currency at a measurement date for a specified purpose. A currency is exchangeable when there is an ability to obtain the other currency (with a normal administrative delay), and the transaction would take place through a market or exchange mechanism that creates enforceable rights and obligations.

b. Standards, amendments, and interpretations that are issued but not effective as of 30 September 2025:

- **Amendment to TFRS 9 and TFRS 7 - Classification and Measurement of Financial Instruments;** effective from annual reporting periods beginning on or after 1 January 2026 (early adoption is available). These amendments:
 - clarify the requirements for the timing of recognition and derecognition of some financial assets and liabilities, with a new exception for some financial liabilities settled through an electronic cash transfer system;
 - clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest (SPPI) criterion;
 - add new disclosures for certain instruments with contractual terms that can change cash flows (such as some instruments with features linked to the achievement of environment, social and governance (ESG) targets); and
 - make updates to the disclosures for equity instruments designated at Fair Value through Other Comprehensive Income (FVOCI).
- **Annual improvements to TFRS – Volume 11;** effective from annual periods beginning on or after 1 January 2026 (earlier application permitted). Annual improvements are limited to changes that either clarify the wording in an Accounting Standard or correct relatively minor unintended consequences, oversights or conflicts between the requirements in the Accounting Standards. The 2024 amendments are to the following standards:
 - TFRS 1 First-time Adoption of International Financial Reporting Standards;
 - TFRS 7 Financial Instruments: Disclosures and its accompanying Guidance on implementing TFRS 7;
 - TFRS 9 Financial Instruments;
 - TFRS 10 Consolidated Financial Statements; and
 - TAS 7 Statement of Cash Flows.
- **Amendment to TFRS 9 and TFRS 7 - Contracts Referencing Nature-dependent Electricity;** effective from annual periods beginning on or after 1 January 2026 but can be early adopted subject to local endorsement where required. These amendments change the 'own use' and hedge accounting requirements of TFRS 9 and include targeted disclosure requirements to TFRS 7. These amendments apply only to contracts that expose an entity to variability in the underlying amount of electricity because the source of its generation depends on uncontrollable natural conditions (such as the weather). These are described as 'contracts referencing nature-dependent electricity'.

2.7 Application of New and Revised International Financial Reporting Standards (TFRSs) (cont’d)

b. Standards, amendments, and interpretations that are issued but not effective as of 30 September 2025 (cont’d):

- **TFRS 18 Presentation and Disclosure in Financial Statements;** effective from annual periods beginning on or after 1 January 2027. This is the new standard on presentation and disclosure in financial statements, with a focus on updates to the statement of profit or loss. The key new concepts introduced in TFRS 18 relate to:
 - the structure of the statement of profit or loss;
 - required disclosures in the financial statements for certain profit or loss performance measures that are reported outside an entity’s financial statements (that is, management-defined performance measures); and
 - enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general.
- **TFRS 19 Subsidiaries without Public Accountability: Disclosures;** effective from annual periods beginning on or after 1 January 2027. This new standard works alongside other TFRS Accounting Standards. An eligible subsidiary applies the requirements in other TFRS Accounting Standards except for the disclosure requirements and instead applies the reduced disclosure requirements in TFRS 19. TFRS 19’s reduced disclosure requirements balance the information needs of the users of eligible subsidiaries’ financial statements with cost savings for preparers. TFRS 19 is a voluntary standard for eligible subsidiaries. A subsidiary is eligible if:
 - it does not have public accountability; and
 - it has an ultimate or intermediate parent that produces consolidated financial statements available for public use that comply with TFRS Accounting Standards.

These changes are not expected to have a significant impact on the Group's financial position and performance.

2.8 Critical Accounting Judgments and Key Sources of Estimation Uncertainty

Critical judgments in applying the Group’s accounting policies

In the process of applying the Group’s accounting policies, the Group Management has made the following judgments that have the most significant effect on the amounts recognized in the financial statements:

Useful life of property, plant and equipment and intangible assets

The Group has calculated the depreciation and amortization amounts in accordance with TFRS. The calculations are based on the Group Management's expectations regarding the useful life of the related assets.

Duration of Leasing Liabilities

The Group's leasing liabilities within the scope of TFRS 16 are related to vehicle and building leasing contracts. The lifetime of the leasing agreements for vehicles are determined on the basis of the relevant lease agreement. The lifetime of the lease contracts for buildings are determined based on the best estimate of the period in which the management plans to use the asset in lease contracts and auto-renewal contracts.

Doubtful receivables provision

A credit risk provision for trade receivables is established if there is objective evidence that the Group will not be able to collect all amounts due. The amount of the provision is the difference between the carrying amount and the recoverable amount. The recoverable amount is the present value of all cash flows, including amounts recoverable from guarantees and collateral, discounted based on the original effective interest rate of the originated receivables at inception.

Severance benefits

Under Turkish Law and union agreements, lump sum payments are made to employees retiring or involuntarily leaving the Group. Such payments are considered as being part of defined retirement benefit plan as per TAS 19 (Revised) *Employee Benefits* (“TAS 19”). The retirement benefit obligation recognized in the condensed consolidated statement of financial position represents the present value of the defined benefit obligation. The actuarial gains and losses are recognized in other comprehensive income.

Inventory impairment provision

When the net realizable value of inventories is less than their cost, the inventories are reduced to their net realizable value and are reflected to profit and loss as loss. According to the expectations of the Group, as the net realizable value of the inventories are below of their cost value, for some part of the inventories the Group has allocated provision and reduced to their net realizable value.

With the syndication loan agreement signed with various Turkish banks in 2018, Yıldız Holding A.Ş. and its group companies' short term debts are combined under the roof of Yıldız Holding A.Ş. In this context, the loans that were previously payable to banks were consolidated in the "other long term payables to Yıldız Holding A.Ş." account on 8 June 2018, in accordance with this syndication loan agreement.

As of 8 June 2018, the Company's cash loans amounting to TL 399,7 million and non-cash bank loans amounting to TL 206,4 million transferred to Yıldız Holding A.Ş. There has been no increase in the Company's total debt amount due to syndicated loan. As of the date of loan used, the Company became the guarantor of Yıldız Holding A.Ş., limited to the total bank loan risk exposure.

Corporate Tax

The Group is subject to Turkish corporate taxes. Provision is made in the accompanying financial statements for the estimated charge based on the Group's results for the years and periods. Turkish tax legislation does not permit a parent company and its subsidiary to file a consolidated tax return. Therefore, provisions for taxes, as reflected in the accompanying consolidated financial statements, have been calculated on a separate-entity basis.

Corporate tax is applied on taxable corporate income, which is calculated from the statutory accounting profit by adding back non-deductible expenses, and by deducting dividends received from resident companies, other exempt income and investment incentives utilized.

16. INCOME TAXES (INCLUDING DEFERRED TAX ASSETS AND LIABILITIES) (cont'd)

Corporate Tax (cont'd)

It is enacted that, with effect from the beginning of 2021 for the corporations whose shares are publicly traded on Borsa Istanbul for the first time with at least 20% of its shares are offered to public, the corporate tax rate will be applied with a 2-point discount for 5 accounting periods, starting from the accounting period in which the shares are offered to the public for the first time. As a result of this, the effective tax rate for the Group in 2025 is 23% (2024: 23%).

Furthermore, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns between 1 - 25 April following the close of the accounting year to which they relate. Tax authorities may, however, examine such returns and the underlying accounting records and may revise assessments within five years.

Income Withholding Tax

In addition to corporate taxes, companies should also calculate income withholding taxes and funds surcharge on any dividends distributed, except for companies receiving dividends who are Turkish residents and Turkish branches of foreign companies. Income withholding tax applied in between 24 April 2003 - 22 July 2006 is 10% and commencing from 22 July 2006, this rate has been changed to 15% upon the Council of Minister's Resolution No: 2006/10731. In the application of the withholding rates regarding profit distributions to non-resident taxpayer institutions and real persons, the withholding rates included in the related Double Taxation Prevention Agreements are also taken into consideration. Undistributed dividends incorporated in share capital are not subject to income withholding tax.

Transfer pricing regulations

In Türkiye, the transfer pricing provisions of the Corporate Tax Law "disguised profit distribution via transfer pricing" is stated in Article 13 entitled. The communiqué dated November 18, 2007 on disguised profit distribution through transfer pricing regulates the details regarding the implementation.

If the taxpayer buys or sells goods or services at a price or price determined against the arm's length principle with related parties, the earnings are deemed to have been distributed completely or partially through transfer pricing implicitly. Disguised profit distribution through such transfer pricing is considered as an expense not legally accepted for corporate tax.

Deferred Tax

The Group recognizes deferred tax assets and liabilities based upon temporary differences arising between its financial statements as reported for TFRS purposes and its statutory tax financial statements. These differences usually result in the recognition of revenue and expenses in different reporting periods for TFRS and tax purposes and they are given below.

With the Tax Procedure Law General Communiqué (Serial No: 555) published in the Official Gazette dated 30 December 2023 and numbered 32415 (2nd Repeat), the procedures and principles of the correction procedures of the financial statements to be subject to inflation adjustment for 2023 and subsequent accounting periods have been determined and it has been stated that the balance sheet to be prepared in accordance with the Tax Procedure Law as of 31 December 2023 should be subject to inflation adjustment and the effects should be accounted for as of the same date. In accordance with this law, deferred tax calculation has been made for the base of 2023 Tax Procedure Law in the deferred tax calculation over the inflation accounting applied figures.

For calculation of deferred tax asset and liabilities, the rate of 23% (2024: 23%) is used.

2) Credit risk management

Explanations on the credit quality of financial assets

Allowances for doubtful receivables are recognized against financial assets based on estimated irrecoverable amounts determined by reference to past default experience of the counterparty.

The methodology of the Group for credit quality rating is as follows:

Category	Description	Expected Credit Loss Calculation Method
None ODR	There are no overdue receivables ("ODR").	Credit losses are not incurred.
ODR < 90	The overdue period is less than 90 days.	Credit losses are not incurred.
ODR >=90 & <180	The overdue period is over 90 days and less than 180 days.	25% of the total credit amount is incurred as loss.
ODR >=180 & <270	The overdue period is over 180 days and less than 270 days.	50% of the total credit amount is incurred as loss.
ODR >=270+	The overdue period is 270 days or more.	100% of the total credit amount is incurred as loss.

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. Financial instruments of the Group that will result in concentration of credit risk mainly include cash and cash equivalents and trade receivables. The Group's maximum exposure to credit risk is the same as the amounts recognized in the financial statements.

3) Market risk management

The Group’s activities expose it primarily to the financial risks of changes in foreign currency exchange rates.

Market risk exposures are supplemented by sensitivity analysis. During the current period, any change to either exposed risks or management and measurement methods of these risks, was not happened compared to the previous year.

3.1) Foreign currency risk management

Transactions denominated in foreign currencies result in foreign currency risk. The Group is exposed to foreign currency risk due to the translation of its foreign currency denominated assets and liabilities into its functional currency, US Dollar. The Group primarily focus on managing this risk naturally by having balances foreign currency based assets and liabilities. The Group Management ensures to take precautions where necessary by analysing the Group’s foreign currency position. The Group is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to TL and Euro.

Foreign currency sensitivity analysis

The Group is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to TL and Euro.

The following table details the Group’s sensitivity to a 10% increase and decrease in TL and Euro against USD. 10% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management’s assessment of the possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% change in foreign currency rates. A positive number below indicates an increase in profit or equity.

APPENDIX I – SUPPLEMENTARY UNAUDITED INFORMATION

The supporting information not required by TFRS is considered important for the Group's financial performance by the Group Management and the calculation of earnings before interest, tax, depreciation and amortization “EBITDA” is presented below. The Group calculates the “EBITDA” amount by subtracting income from investing activities and other income from operating activities from profit for the period in the condensed consolidated statements of profit and loss and adding tax expense from continuing operations, finance expenses, expenses from investing activities, other expenses from operating activities and depreciation and amortization expenses.
